

AGREEMENT CONCERNING POSSIBLE TERMINATION OF ELECTRIC SERVICE

(When there is a question of property ownership)

Regarding Property Located at (address): _____ in _____ (County), Georgia

This agreement is made the ___ day of _____, _____, by and between _____ (hereinafter known as "Member") and SOUTHERN RIVERS ENERGY, INC. (hereinafter known as "SRE").

Whereas, the subject location consists of a certain structure on which the title thereto is in the name of _____, as well as land on which the structure rests on which the ownership is in the name of _____; and,

Whereas, under its currently existing service rules and regulations, and/or in the business judgement of the SRE management, in order to provide electric service to the aforesaid location, SRE needs assurance that the owner(s) of both the structure as well as the land on which the structure rests are in agreement that electric service shall be provided to the structure by SRE.

Now, therefore, for and in consideration of SRE providing electric service to the aforesaid structure, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged by all parties hereto, the parties agree as follows:

- 1. SRE shall provide electric service to the structure located at the aforesaid location; and,
2. Member shall sign all standard membership documents provided by SRE and Member shall be considered to be a member of SRE so long as Member complies with the Bylaws and other pertinent service rules and regulations of SRE; and,
3. So long as electric power is provided to the subject structure by SRE, Member shall be responsible for any and all monthly electric bills submitted to Member from SRE and shall pay same on a timely basis.
4. In the event there should be a legal owner or owners (that did not give written permission when service began) of either the property or the structure to dispute the Member's right to occupy the structure, the Member agrees to the disconnection of service within 14 days of notice.
